

Getting GetBundles

Or getting latest TextMate bundles without the
command line

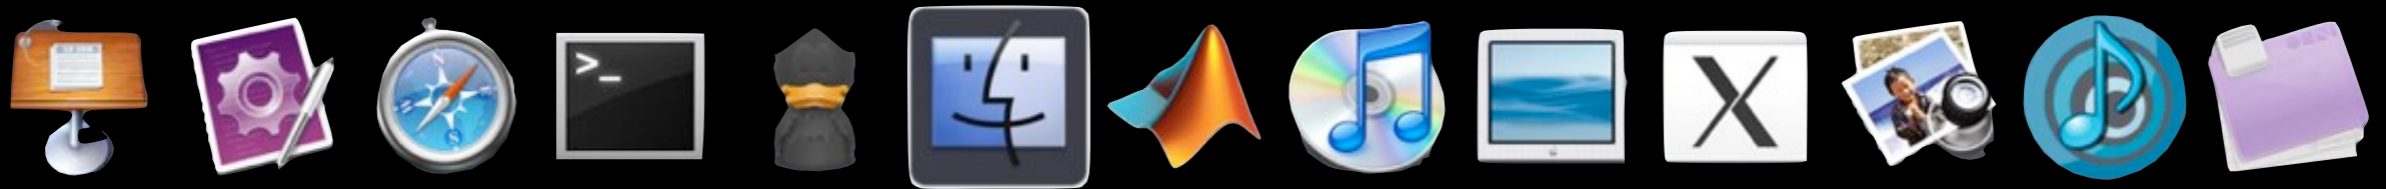

Open TextMate and make a new file

Type:

```
cd; svn co http://svn.textmate.org/trunk/Review/Bundles/GetBundles.tmbundle/
```

Hit ^R (that's ctrl+r)

Switch to Finder

Press $\text{⌘} \rightarrow$ (cmd + tab) or click the desktop

Now go to your Home folder
and double-click [GetBundles.tmbundle](#)

You now have GetBundles!
